Thoughts from Pastor

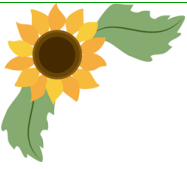

Bee Kind!

Honeybees provide kindness to our earth by pollinating plants and flowers. They also make honey which is full of sweetness.

As we go about our days, we can be busy bees and pollinate the world with God's love through acts of kindness and generosity. Simple acts such as a smile can go a long way in brightening someone's day. Offering a helping hand can sweeten someone's disposition. A phone call or a visit to someone who has been having a hard time can be balm to their spirits. Volunteering at your church or for other charities can give them a boost in their work.

So, let's get buzzing and pollinate the world with kindness.
